To Whom It May concern

I recently elected to retain the framing services of Ryan Chetaud of Chetaud Pro Builders for an extensive remodel and addition project, As the project concludes, I realize without doubt or hesitation I made the correct decision. I found that Ryan was able to affectively man and professionally manage the framing portion of the job to achieve the quality I demand on my projects. His work was completed on time and never delayed the work of other scheduled subcontractors.

Chetaud Pro Builder will remain on my bid list, and I would welcome his framing services on future jobs.

If you have any questions regarding my experience in working with Ryan, please feel free to contact me.

Sincerely
THE BUILDING WORKS

Robert O. Hughes
