Re: Chetaud Pro Builders—Performance and recommendation

Ryan Chetaud (Chetaud Pro Builders) and Tambro Inc. are currently under contract for the remodel project of my Taco Bell restaurant located at 16900 Monterey Road, Morgan Hill CA. Ryan Chetaud successfully bid the project and sold me on his quality of work and management skill. This is note worthy because I chose to use Chetaud Pro Builders over my previous G.C. My relationship with my previous G.C. was very good and their performance and quality was of high standard. From my initial meeting with Ryan to this point in our remodel, Ryan has exceeded my expectations. Ryan's traits worth noting are his great attention to detail, excellent communication, and a general feeling that he is looking out for my best interest. Another item that is very important is his ability to deal with change on the fly. As most of you are aware no project goes as per plan. My architect made a few important mistakes on the blue prints/plans. Ryan took this in stride, providing solutions and making all the necessary phone calls to the people it involved. At this point in our project I would not hesitate to refer Ryan and Chetaud Pro Builder to anyone with building needs. I also plan to use him in the near future for my upcoming projects.

If you have any questions please feel free to contact me.
